Lifting and handling equipment in your company

Dear ladies and gentlemen,

Do you make use of all possibilities of saving potential and to improve the effort of industrial trucks, elevated work platforms and ergonomic equipment in your company.

Trust in our successful experiences **since 40 years**

*** to solve your challenges regarding special transport and storage. ***

We concentrate on

* **Industrial trucks...**

* pallet trucks * pedestrian stackers * high lift stackers
* 4-way equipments * tool replacement trucks
* order pickers * very narrow aisle trucks

* **Lifting tables...**

* hydraulic scissor lifting tables * spindle scissor lifting tables
* low-profile lift tables ... for loading and equipments for production

and **special constructions...**

* lifting equipments for special demands.

We also offer individual consultations, financial support as well as customer service.

Our equipments are very sturdy and they are constructed for a long durability. In case of any problems we will make sure to help you and to find a contact person for maintenance and repair of your equipments.

Make use of our diverse experiences to your advantage. We are looking forward to your task and a successful cooperation with you!

Yours sincerely from Hattingen
